CUSEC Membership Program

Mission Statement: To measurably reduce the risk of earthquakes and other hazards in the central United States by developing, coordinating, and implementing mitigation programs that reduce deaths and injury from earthquakes, and reduce the vulnerability of buildings and lifelines to earthquakes.

The Central U. S. Earthquake Consortium encourages professional community involvement in addressing the earthquake risk in the central U. S. Members have the opportunity to participate on CUSEC committees in a wide variety of areas that affect our programs.
